

# High Country Five Day Tour 2012

On Monday 26th March we departed Glenroy for Mansfield with our favourite driver, Gordon. On board were 32 ladies and 12 gentlemen from the three Glenroy Probus clubs. We had a *magical* tour, thanks to Barbara and John's organizing.

Every day the sun shone, cool nights, absolutely wonderful food. (I think we have all put on weight.) It was wonderful to see all the beautiful scenery God has provided for us. We passed through beautiful green countryside, so green after all the rain, all the sheep and cattle grazing the grass and looking in such good condition.

Mansfield is a very thriving town, we stayed four nights at the Alzburg Resort, it was previously a Convent and Ladies School, added recently are Motel units, tennis courts and a large outdoor pool.

We went out each day and toured the surrounding towns and everything of interest, up the beautiful mountains including Mt Buller (very cold breeze up

there, we needed our warm coats).

One day eleven people went by 4WD up Mt Sterling – Wow, more exciting than the Big Dipper at Luna Park. Seeing the trees with autumn leaves just beginning to turn. So many lovely gum trees no two the same. It was lovely to see the water in Lake Eildon after years of drought when it was almost dry.

We had a wonderful group of people to travel with, much friendship, fun and laughter. If you were not with us on tour, speak to someone who was, for them to let you know how great it was, and maybe you will join us next tour.
