## MARCH SPEAKER

Our speaker was Glen Wall with a topic of "Live Life Connected on a Digital World". We now come into contact with digital devices every day.

None of us know what they do but many of us have no idea how they work, but do not need to know, but we do need to know how they can work for us.

We are all at different degrees of expertise.

What we need is someone to talk us through and how to use our device to achieve a positive result.

The Merri-bek Council has a Drop In Session with one on one assistant who will talk to you with your problem on your device. The Mentors, like Glen, come from Whittlesea U3A.

If you have a number of problems, knock them over one by one.

Glenroy Library Hub, 2pm Wednesdays
